About our apartments

The Pures Leben multi-generational apartment quarter Möserstraße is located in the heart of Osnabrück. This project represents a novelty in the way of living, because for the first time we are combining the two sub-areas Brina (senior citizens with care needs) and Modern Apartment (singles, students, professionals) in one building. True to the motto “together instead of alone”, all residents benefit from the multifunctional communal areas, the roof terrace and the green inner courtyard. La Cantine et Brasserie Anouki on the first floor rounds off the living experience. We will be happy to advise you individually.
